## Community & Brand Support

Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?

**DESCRIBE YOUR DESTINATION**

Nestled in Montana's magnificent Beartooth Mountains and surrounded by Custer Gallatin National Forest, Red Lodge delivers world-class outdoor recreation and access to Yellowstone National Park via the world-renowned Beartooth Highway. In our historic downtown, you'll enjoy locally owned shops, quality restaurants, plenty of first-class accommodations and entertainment. No matter what the season, Red Lodge is your Base Camp to the Beartooths.

The Red Lodge visitor arrives here looking forward to its natural beauty and quaint charm. What they discover is its magic. And for that, they return again and again, over a lifetime. Like so much of Montana, Red Lodge is surrounded by natural splendor -- Montana’s highest peaks frame our back yards, its crystal-clear waterways tumble down our valleys, and that unique combination of pine and aspen scents invigorate our air. But as the Red Lodge visitor knows, we have something special going on here; we're just far enough off the beaten path that locals truly appreciate visitors, we want to say “Hello” when we see someone new in town, and we do not just throw out the welcome mat for you, we show you why we love living here.
Today’s travelers are looking for that one of a kind of experience. It’s one Red Lodge excels at delivering.

A year-round population of just over 2,000 and a historic Main Street business district with great restaurants, shopping, entertainment, and accommodations means a stay in Red Lodge is an opportunity to make friends with locals.

Red Lodge, Montana, 2016 Gateway Community of the Year, anchors the most scenic route into Yellowstone National Park: the 68-mile alpine and structural wonder of the Beartooth Highway, an “All-American Road”. Open late May-October, visitors come from around the world to experience its summer snowfields, high-mountain vistas, and legendary curves.

Sitting on the edge of a National Forest, Red Lodge lays claim to more than 3.6 million acres of uninterrupted and unspoiled wild country as our “backyard.” Much of that is easily accessible with well-marked trails for hikers, horseback riders, and many near town are even open to bicyclists. Whatever the day’s adventures entail, Red Lodge is the perfect Base Camp to the Beartooths.

Red Lodge is easily accessed from Interstate I-90 via State Hwy 212 from Laurel and Hwy 78 from Columbus. It is a one hour drive from Logan International Airport in Billings which is served by four major Airlines, United, Delta, Alaska and American Airlines, and by Cody’s airport which is served by United and Delta.

OUR STRENGTHS:

Gateway to Yellowstone National Park

The Most Scenic Route to Yellowstone Park, over the Beartooth Highway

The Beartooth Highway

Dubbed “the most beautiful roadway in America” by On the Road correspondent Charles Kuralt, the Beartooth Highway climbs to an astounding 10,947 feet above sea level. As it winds its way from Red Lodge to Yellowstone National Park, the Highway traverses an impressive range of ecosystems and geological wonders. At the highway’s summit, travelers find themselves in a sky-high world of glacial cirques, clear alpine lakes, and snow that lingers through the summer months.

Gateway to the Absaroka-Beartooth Wilderness

Our back yard consists of millions of acres of high-country wilderness. As early as 1897, trails began snaking their way up the West Fork canyon, cleared by hand with saws and pickaxes. Today those same trails can take you to pristine country where visitors can enjoy a variety of outdoor activities.

Great Shops, Restaurants and Music Entertainment

Charming historic downtown hosts a variety of locally owned stores run by helpful, knowledgeable staff. Pop into one of the many restaurants for a quick burger and a locally brewed beer, or experience fine dining featuring wild game and other local fare. In 2018, eight of our local restaurants were selected to participate in Taste Our Place which is a program launched by the State of Montana. The Taste Our Place logo is a declaration of authentic Montana Quality. Relax and listen to some great music from our many local musicians or attend a first run movie at the historic Roman Theater.

Year-round Skiing

During the winter months enjoy bountiful snow, shimmering blue skies and terrain for all abilities that make for great fun on the slopes. Red Lodge Mountain is open from mid-November through mid-April.

During the summer months, the Beartooth Highway is your chair lift to acres of open terrain for skiing and snowboarding. For those that are not interested in hiking, there is Beartooth Basin with two permanent poma lifts for skier access to the Twin Lakes headwall.

Arts and Culture

Catch the spirit of today at one of the many art and photography galleries in town or experience various styles of art at the Carbon County Arts Guild & Depot Gallery and the Red Lodge Clay Center. For history enthusiasts, Red Lodge is home to the Carbon County Historical Society and Museum where visitors can learn about the colorful history of Red Lodge and the surrounding areas.

Events and Attractions

Red Lodge is home to many events and year-round attractions. Yellowstone Wildlife Sanctuary - Home of Champions Rodeo - Beartooth Rally - Winter Fest - National Finals Ski-Joring - Christmas Stroll - Fun Run - Iron Horse Motorcycle Rodeo - Red Lodge Songwriter Festival - Beartreek Downs Pig Races - Beartooth Run – Shredfest, Cruisen’ Red Lodge and many more.

Proximity to Billings

Billings is the largest city in Montana with a population of over 110,000 and a major transportation hub for South Central Montana. Travelers can reach Billings by air, bus or car on two east and west and via north and south Interstate highways. Billings Logan International Airport is served by four major airlines United, Delta, Alaska, and American.

Amenities

Red Lodge may seem like a remote destination to some visitors, but they will be pleased to find we have the same amenities and comforts they have at home. More than adequate cell phone coverage and broadband internet is available in most areas.

OPPORTUNITIES:

Motorcycle/Auto Groups

The Beartooth Highway was recently voted the Number 1 Motorcycling Road in America by the American Motorcyclist Association. It is a “bucket list” item for many motorcycle enthusiasts.

Small Groups

Red Lodge is the perfect destination for small groups. RV clubs, executive retreats, conventions of 200 people or less, craft clubs, all find the comfortable meeting spaces and hospitality of Red Lodge a great place to spur creativity.
make new friendships and renew old relationships.

Weddings/Reunions
Picturesque venues, quality lodging options, and numerous recreational opportunities in the surrounding area make Red Lodge the perfect setting to gather family and friends for your wedding or reunion.

Tournaments/Community Events
The newly revamped Roosevelt Center, our modern high school auditorium, and other historic venues, provide the opportunity to house tournaments as well as larger community events.

Outdoor Competitions
Challenging, yet stunningly beautiful terrain attracts competitors from around the country to a multitude of outdoor events. Included among these events are the Beartooth Run, Nitty Gritty Road Race, Collegiate Ski Races, National Ski Joring Championships and the summer Shredfest which is the only summer qualifier in North America for the Freeride World Tour.

Media Partnership Opportunities
Billings has a wide reach with television, radio and print media that we can better utilize with positive and timely press releases and promotional partnering. Quarterly, the Billings Gazette features what is going on in Red Lodge in its explore editorial section. More can be done with KTVQ, KULR, YPRR, and the print media options in Billings, Yellowstone Valley Women, and Magic Magazine, among others.

Annual Events
Red Lodge has a growing number of competitive, recreational and cultural events. Many of these events take place during the summer months but winter events such as the Alpine Ski Races, National Ski Joring Championships, and Winter Fest also attract visitors from in state and out of state locations. In the summertime we have Red Lodge Music Festival, Red Lodge Songwriter Festival, Fourth of July Rodeos and Parades, Beartooth Basin Summer Ski Area, Beartooth Bike Rally, Cruisen’ Red Lodge Vintage Car Show, and Labor Day Fun Run just to name a few.

Location and Way Finding Signage
Red Lodge is miles from a major highway. Montana Highway signs point Yellowstone Park travelers past Red Lodge exits or towards the Chief Joseph Highway in Wyoming. Location and Way Finding Signage has finally come to fruition and will be implemented in time for this year tourist season.

OUR CHALLENGES:

COVID 19
In addition to our normal challenges, Red Lodge will have the added, significant challenge of adjusting to changes brought forth by the continuing COVID 19 Pandemic. Fear and uncertainty provide challenges on both ends of the spectrum. From the business perspective, residents are afraid of bringing COVID 19 into a town that has had very few cases in spite of being a high profile area for visitors. On the other side, travelers that we normally expect are hunkering down due to the pandemic and are choosing not to travel either from fear of catching the virus or from the many economic hardships that were suddenly thrust upon them. One of most significant challenges will be making business and travelers alike feel safe enjoying what our community has to offer while maintaining proper social distancing (along with any other restrictions the CDC may recommend) as we find our way forward.

Making Red Lodge a Destination
Red Lodge is used as a ‘Pass Through” for the Beartooth Highway and Yellowstone Park in the summer. If we can influence a small percentage of summer travelers to stay one additional night in Red Lodge and enjoy all the offerings of our town and surrounding area, it will make a significant impact on our local economy. In the winter months we need to reinforce Red Lodge as a winter destination to skiers and non-skiers alike. First class restaurants, comfortable accommodations, great shopping, restful relaxation, ice-skating, Nordic skiing, wildlife viewing, and hiking are a few of the winter time activities available in Red Lodge. Red Lodge Mountain is a fabulous, family-oriented alpine ski area.

Location and Way Finding Signage
Red Lodge is miles from a major highway. Montana Highway signs point Yellowstone Park travelers past Red Lodge exits or towards the Chief Joseph Highway in Wyoming. Location and Way Finding Signage has finally come to fruition and will be implemented in time for this year tourist season.

Montana is perceived as challenging to access.
In addition to the states’ destination attribute weaknesses, both the Montana and Red Lodge brand brings with it this perceived access challenge.

Beartooth Highway is Seasonal
Weather and snow plow funding often delay the opening of the Beartooth Highway in the spring. Snowstorms will temporarily close the road. Timely communication of the road status is challenging with reports of closures carrying a higher priority than reports of the Highway re-opening. The portion of the Highway located in Wyoming is a secondary priority for snowplows.

Make Winter Success Less Dependent on the Snow Conditions at Red Lodge Mountain
Red Lodge Mountain is the major draw for Red Lodge in the winter season. The town’s commerce follows the quality of the snow conditions on the mountain. We can reduce the dips when snow conditions are not at their best by promoting all of the other amenities, events, and winter time activities going on in Red Lodge. Red Lodge is within easy reach of public access to BLM lands, Forest Service lands, and national parks. Hiking, cross country skiing, wildlife viewing, scenic drives, shopping, fine dining, and relaxing in one of our great accommodations are all available.

Online Mapping Services
Google Maps and others report inaccurate information for routes and business addresses.

Lack of City Marketing Support
While the City of Red Lodge collects a Resort Tax, the governing body offers no marketing or promotional funds for Red Lodge.
Perceived lack of comforts/technologies

Montana is perceived to be somewhat remote and lacking many of the amenities and technologies those travelers who may be less outdoor minded are looking for.

Perceived costs and time requirements inhibit visitation to Montana. Research shows focus group and in-depth participants expressed serious concerns about the cost of a trip to Montana. Beyond the cost of traveling to Montana, many generally felt that a trip to Montana would require a significant investment of time.

COMPETITOR ANALYSIS:

Jackson Hole, WY

Popular tourism destination because of its proximity to Yellowstone & Grand Teton National Parks. Website, mobile, social media, and internet advertising resources.

Livingston, MT/Gardiner, MT

Way finding signage on I-90. Year-round entrance to Yellowstone Park.

Bozeman, MT / Big Sky, MT

Greater variety in lodging, dining and shopping opportunities, including groups, conventions and conferences. Proximity to Yellowstone Park. Four-season activities. Popular ski area. Cultural, historic, and educational activities, events, and attractions. Significantly greater marketing dollars.

West Yellowstone, MT

West entrance to Yellowstone Park. The name West Yellowstone. More lodging and dining options. Significantly greater marketing dollars.

Colorado

Travellers’ perceptions make Colorado Montana’s top competitor. In addition to awareness, demand, excitement for, and visitation at significantly higher rates than Montana, research illuminated the directly competitive relationship Colorado represents. In discussing where to go in the West and Montana specifically, it was clear that most research participants viewed Colorado as the destination they would be heavily weighing Montana against, and a more persuasive one at that. These travelers felt Colorado had similar offerings on a basic level—spectacular natural beauty, abundance of outdoor recreation, outdoor culture, and winter sports. Very importantly, Colorado’s cities, infrastructure, and mature tourism product were seen as providing more of a “safety net,” something that was keenly on the minds of those who were less on the outdoor spectrum and/or less familiar with traveling in this region of the U.S.

MONTANA’S BRAND PILLARS:

The Montana Brand Pillars were seemingly written for Red Lodge.

Nestled in the Beartooth Mountains, with Yellowstone Park just up the road, and the Beartooth All American Highway at our doorstep, we truly offer more spectacular unspoiled nature than anywhere else in the lower 48.

A little off the beaten path Red Lodge, a historic mining town, is a vibrant and charming community that serves as a gateway to many natural wonders.

From art walks to downhill mountain bike rides, from reading a good book by the fire to skiing fresh powder, Red Lodge is a friendly, welcoming town offering a wide range of activities in every season. Enjoy breathtaking experiences by day and relaxing hospitality by night. Regardless of your choice of activities, our community works hard to make your visit an experience to remember.

Describe your destination.

THREE PHASES OF THE TRAVEL DECISION; INSPIRATION, ORIENTATION AND FACILITATION:

The overall consumer-marketing goal is to expose our brand, “Base Camp to the Beartooths”, to potential visitors and invite them to stay a night or longer in Red Lodge. A strong social-media presence, along with online and print marketing via cooperative efforts with Yellowstone Country Travel Region, and the Red Lodge TBID provide inspiration. Once inspired, potential guests will be oriented appropriately via the Destination Red Lodge Travel Planner and RedLodge.com. The CVB follows through to facilitate their stays once they arrive via front line staff of tourism partners and stakeholders and the Red Lodge Visitor Information Center staff and volunteers.

Our content will focus on the three core elements travelers are looking for when deciding on an outdoor destination such as Red Lodge:

1. unique natural encounters without giving up modern comforts
2. comfortable isolation that attracts free-spirited adventurers,
3. a place for entirely new experiences and a place for new ways of experiencing the familiar.

a. Define your target markets (demographic, geographic and psychographic).

OUR TARGET MARKET

OUR TARGET MARKETS DEFINED

The High Potential Visitor

This group is clearly a high-value audience; it is different from other travelers in important ways. Behaviorally and demographically, the survey shows that high potential Montana visitors have a remarkable and distinctive profile. This group of heavy travelers is not only attracted to Montana, they see the destination as more attractive and competitive when compared to the regional competition. In brief, high potential Montana visitors are:

- City dwellers (i.e., not rural and not suburban)
- Married with children
- Well-educated, Affluent
- Younger
- Frequent travelers
- Male-oriented (54.3% male and 45.7% female)
- Strongly attracted to Montana’s tourism offering
- Familiar with Montana’s tourism offering
- Likely repeat visitors
- Outdoor-oriented travelers

High potential Montana visitors are also heavy consumers of recreational activities. This group is interested in a diverse array of Montana activities, centered around day hiking and visits to the National Parks.

Family travelers are a natural fit with Montana’s travel product, including that available in the Eastern portion of the state. They are a large and lucrative segment. In the Montana Brand Exploration Survey, approximately one-third, 32.0 percent, of travelers reported having children under the age of 18 in their homes. Like high potential visitors, family travelers index high on outdoor psychographics, have high incomes and would expect to spend more and stay longer in the state than other travelers. Family travelers are interested in a variety of Red Lodge experiences, but their ideal trips would appear to center around Yellowstone National Park, day hiking, horseback riding, and driving scenic byways. This niche market also expresses significant interest in child-friendly activities related to history, culture, and geology.

Red Lodge offers affordable vacation opportunities to families visiting Montana for the first time or coming back on a repeat visit. 85% of visitors surveyed responded they will return to Montana within the next two years. These returning visitors are a significant target for our CVB.

Geo-tourism is defined as tourism that sustains or enhances the distinctive geographical character of a place—its environment, heritage, aesthetics, culture, and the well-being of its residents. Geo-travelers are high-value, low impact visitors who appreciate the unique characteristics, eccentricities, and natural qualities of Red Lodge. They place high value on travel experiences that respect and support the local character of place and are less likely to become discouraged in their travel experiences by travel distances/difficulties and vagaries of weather.

History Buffs

History buffs score higher on the psychographic index, have proven to have higher incomes, and would spend more and stay longer compared to non-history buffs.

Our Traveler at a Glance

- Healthy, Active, Outdoor Enthusiasts
- Arts, Crafts, Entertainment Enthusiasts
- Motorcyclists and Auto Enthusiasts
- RV Enthusiasts
- Empty Nesters/Active Retirees
- Income: AHI of $50,000+
- Education: Bachelor’s Degree
- Age: 35-65

Core Geographic Markets

Red Lodge is located in the South Central portion of Montana. We are the gateway to the Northeast Entrance to Yellowstone Park via the Beartooth Highway. Because of our geographic location, the majority of visitors come from east of us.

Summer

Winter

California, Florida, Wyoming, North Dakota, Minnesota and SK/MB Canada are key winter markets.
OUR EMERGING MARKETS

Two Wheel travelers
Motorcyclists and bicyclists are attracted to the Beartooth Highway for its beauty and challenge. This segment of the tourism market is growing and important as they view the Highway as a destination and spend multiple nights in our area.

Foodies
Red Lodge has an array of excellent restaurants, an award winning craft beer brewery, gourmet food and wine shops, for those travelers that seek unique dining experiences.

Entertainment/Music Seekers
On any given night there are a number of bars and restaurants that feature live music, both local artists and touring bands. During the course of the year, events such as The Red Lodge Music Festival and the Red Lodge Songwriter Festival bring world class musicians to Red Lodge to share their art.

Billings
The Billings area is 60 miles away and has a population base of approximately 170,000. The Billings Convention and Meeting market is growing and we will continue to develop our relationship with the Billings CVB, Visit Billings. The Billings market is the perfect target to strengthen our winter destination business, especially on non-holiday weekends.

Corporate Retreats
Red Lodge is the perfect place for executive retreats and small group gatherings for associations, social clubs and private companies located in Billings and Bozeman.

Areas to the East
Eastern Montana, North Dakota, and Minnesota continue to be strong markets and will be the focus for our Winter destination marketing.

Colorado & other Mountain States
We have listed Colorado previously as a competitor for non-resident visitors. However, state tourism data and our own information indicate a rising interest in visiting Montana and specifically Red Lodge from Coloradans. As their own tourism industry continues to grow and their population continues its rapid growth, the competition for outdoor space grows in equal proportion. Many Colorado residents, especially those from major metropolitan areas are looking for less crowded, less expensive, simpler destinations, much the way Colorado used to be. Red Lodge is the perfect fit, an 8-9 hour drive or a one hour direct flight from Denver, their largest metropolitan area.

- Attitudes & Beliefs - environmentally conscious, has an adventurous spirit, likes nature
- Technology - savvy - using mobile devices in all stages of planning & travel

Beartooth Highway Economic Impact Research

During the winter season, Red Lodge, MT is not considered a gateway community because of road closures limiting access only to Cooke City/Colter Pass/Silver Gate, MT and Cody, WY (via the Chief Joseph Scenic Byway).

Nonresident visitor expenditures contributed to over $41.1 million in economic activity to Carbon County in 2016, the vast majority being spent in Red Lodge. The economic impact for this region from nonresident travelers is substantial to local communities. Furthermore, results identified that nonresidents perceive the Beartooth Highway as a destination in itself, not simply a highway.

2015 average spending in Carbon County by nonresident visitors to Montana totaled $63.4 million. This $63.4 million in local spending directly supports $40.2 million of economic activity in the region, and supports an additional $16.1 million of economic activity, indirectly.

OVERALL GOALS

As we near our 6th year, we reflect on our previous success and the upcoming challenges for the future. In 2016 Red Lodge received the MTOTBD Gateway Community of the Year award for our Branding Efforts. Our Lodging Tax
Collections have continued to increase over the last three years and we have increased our influence on social media through increasing our Facebook fan base. We expect the lingering effects and changing attitudes due to the COVID 19 crisis to have significant and long lasting repercussions for our community. The full scope of the challenges have yet to present themselves. We will have to adjust our expectations as the situation changes.

**COVID 19**

Overshadowing all of our goals is the specter of COVID 19. It is too early to know what the full repercussions of the pandemic will be. Even though shelter-in-place restrictions are currently being loosened, fear within the community and fear about reopening, along with fears from travel exposure continue to leave people uncertain about unnecessary travel.

Financial repercussions from unprecedented unemployment also leaves us wondering if people will feel like they can afford to travel.

Low oil prices will also have an influence on our market. Gas is cheap, but the oil industry, which is our primary drive market, has been devastated and the global market has been wiped out for at least the first half of the grant period.

Our current plan is to stay fluid, go with the flow, and make changes as they come. Red Lodge is opening back up slowly with a focus on social distancing and many restaurants continue to offer curbside pickup as an alternative. Events are still being planned in the hope that we will be moving forward; however upswing in Coronavirus cases could change things at a moment’s notice. Red Lodge has installed handwashing stations and some stores are starting to offer private shopping. We will market our area as attractive to socially distanced outdoor adventure with our many opportunities to enjoy the outdoors without being in close contact with others.

**Improve Visitor Experience With Improved Signage and Infrastructure**

We will accomplish this with way-finding signage and visitor off-street parking. The signage is complete though COVID 19 has delayed implementation of the signage. We expect all signage to be place before June 30th.

**Continue to Build Marketing Infrastructure**

This will include, but not be limited to:

- Increase Travel Planner Mailers
- Increase public awareness of what is happening in the Red Lodge area with targeted and regular press releases
- Increase social media reach through facebook, instagram and twitter
- Continue to promote local events. In light of the current situation, we will consider this year successful if we are able to normalize the situation and have the events that are already scheduled.

**Develop Cooperative Relationships within our Market Area**

- Red Lodge Tourism Business Improvement District
- Yellowstone Country Travel Region
- City of Red Lodge
- Red Lodge Business Alliance

**Increase Winter Season Visits**

The Red Lodge TBID and Red Lodge CVB have joined in efforts to increase non alpine skiing related travel to Red Lodge.

**Attract Groups, Meetings and Sporting Events**

We will continue on smaller meeting for the future, we have to take into consideration the current environment and put ourselves in a top of mind position long range planning. The long term focus will remain on smaller meetings (10-200 people) and social groups. We will also work to attract youth tournaments/events in the shoulder seasons, but for the remainder of this year we will highlight social distancing friendly activities.

**Expand Alliances With Area Towns**

Red Lodge is fortunate to be located near Billings - Montana’s largest city. With this alliance, we want to support their efforts in promoting the Beartooth Highway as “The most scenic route to Yellowstone Park.” Billings is also a hub for groups, conventions and meetings. We will work to strengthen our relationship with the Billings CVB to attract these groups to our area.

Cody, Wyoming has the potential to be a very strong ally. Although they are essentially after the same visitor, by working together, we will attract more visitors to our side of Yellowstone Park driving visitors to the East and Northeast Entrances.

We will work with area communities to strengthen our relationships and promote Red Lodge through their Chambers and CVBs. These communities include Columbus, Big Timber and Bozeman.

**Red Lodge Branding**

The Red Lodge brand, Base Camp to the Beartooths, is in place and is being used across all our marketing platforms and media placements.

**Measurable Objectives**

- Increase Travel Planner distribution
- Increase Facebook Friends, Followers, and Likes
- Placement of Wayfinding infrastructure
- Share in joint venture with one of our partners
Reopen the community and return to “business as usual” after COVID 19

Be able to host our already scheduled events in the aftermath of COVID19

c. What types of co-ops have you done in the past? Were they successful - why or why not?

The Red Lodge Branding Project, led by the CVB Branding Leadership Team, was funded by the Red Lodge Tourism Business Improvement District TBID, Yellowstone Country Travel Region, and the Red Lodge Merchants and Lodging Association. Because of their help, no CVB funds were required. Red Lodge won the 2016 Gateway Community of the Year Award for the branding effort. We work closely with the TBID on all marketing efforts. TBEX 2019 was the highlight of our partnering efforts. We worked with Yellowstone Country, Visit Billings, MOTBD, RLMA, TBID, and local businesses to bring attention to our area from travel bloggers, online travel journalists, new media content creators, travel brands and industry professionals. With so much support, we were able to arrange several tours for groups as well as host FAM trips for some of the TBEX participants.

We will be promoting Red Lodge as a destination through electronic newsletters minimum of once per month. Our email database includes 15,000 emails.

Chamber staff will produce and circulate this newsletter to continually put Red Lodge at the forefront of consumers’ decision making process.

Our statistics show that 38% of this interested market resides in the Midwest but also proves that requests arrive from a world-wide base.

- Providing them the facilitation and navigation of Red Lodge at their fingertips. The newsletter will cover the shoulder season targets but also strive to increase occupancy levels during the high traffic summer months when guests are more likely to travel to Red Lodge due to personal schedules, weather, accessibility to Red Lodge and the State of Montana. The requested money will be used to fund an online news subscription service ONLY.

The Red Lodge E-newsletter performs with an Open Rate (OR) of 30-40%. We are well above the median average of 15% for the Travel & Leisure Industry. Our Click Through Rate (CTR) of 4.3 also exceeds the median average of 1.5%.

Promoting Red Lodge through digital and electronic media has proven to be a consumer demand and requirement in today’s economy.

Review of enews metrics with attention to OR and CTR; consistently be above the National Average for the Travel and Leisure Industry.

Using the newsletter links to drive the consumer to our websites provides a further opportunity to educate and entice. The newsletters will allow Red Lodge to showcase ease of accessibility, special events, peak interest for the geo-traveler in the culture, history and natural surroundings, wildlife viewing and adventure opportunities.

- $1,200.00

One of the patterns we noticed this spring and early summer was newcomers to the Red Lodge area coming into our visitor center to gather information about the area. We would tell them about our E-newsletters and many would ask to be included in those subscriptions.

- Open and click through rates continue to be above the national average at Open Rate = 25% and Click Rate = 10%. These are both above the national average of 9% and 4%.

Travel Guide

Visitors interested in visiting the Red Lodge area can request a travel planner and activities guide packet, either online or by phone, making it easy to obtain a quality piece full of information that will help the potential visitor make their destination decision as well as providing reasons to extend their stay.

According to national travel statistics, 79% of requests are online or downloaded. Once the visitor’s guide is in their hands, 70% actually travel to the destination. Once they are on the ground, 80% use it as a planning resource and 71% extend their stays as a result of the visitor’s guide.

In 2019, 1,1158 Travel Planner Packets were requested online. Travel and Tourism Research Association [https://itra.com/wp-content/uploads/2018/04/Value_of_Print_White_Paper_Final_June_01_2017_Chris_Adams.pdf]

Further, according to the Travel and Tourism Research Association, 53% of US travelers report using a printed resource in planning their travel in the previous 12 months; 896 million trips were taken in the last 12 months by this group of US travelers; 24% of US travelers indicated they used an official destination visitor guide in the past 12 months to plan a trip; 400 million leisure trips were taken by this group of US travelers in the past year – spending an estimated $161 billion; 88% of US travelers indicated they used an electronic resource in planning their travel in the previous 12 months; 896 million trips were taken in the last 12 months by this group of US travelers; 24% of US travelers indicated they used an official destination visitor guide in the past 12 months to plan a trip; 400 million leisure trips were taken by this group of US travelers in the past year – spending an estimated $161 billion.

- 66.4% of travelers rely on the opinions of in-person and/or through direct contact (email, text, etc.) for travel inspiration.

We will consider this method a success if we have at least 1,000 requests for travel planners.

Getting a travel planner into the potential visitors hands while they are still planning increases the awareness of Red Lodge as a destination and the most scenic route to Yellowstone Park. This is a catalyst for increased non-resident visits and extended stays in Red Lodge.

- $1,800.00

Yes we met our objective and this strategy and method is successful and we will use it in the future.

- 1859 Travel Planners were requested during FY 21. One of our most popular pieces of literature is our Destination Red Lodge Travel Planner. Red Lodge continues to become an increasingly popular destination for travelers as Red Lodge so much of what the pandemic traveler and travelers in general are looking for: great outdoor recreational opportunities, wildlife viewing, close proximity to Yellowstone National Park, a variety of lodging options, shopping, and many delicious eateries to choose from.

In the coming year, Red Lodge has plans to partner with Yellowstone Country Travel Region and Visit Billings on various opportunities including print media, digital media, and family travel.

Red Lodge is an attractive destination for regional, national and international travelers. Local amenities and gateway access to unparalleled natural attractions help strengthen the Red Lodge’s brand and boost visitation. The overall leisure marketing strategy is to increase year-round visitation targeting regional, national and international travelers. Red Lodge continues to work to diversify the CVB’s leisure marketing efforts.

Red Lodge is fortunate to be able to partner with different entities to promote our community and state. Tourism appeal. The Beartooth Highway is a major Montana attraction and by working with Yellowstone Country, Visit Billings and Southeast Montana, we continue to grow the appeal of our area.

Air travel is important to our area. We sit within 2 hours of 3 gateway airports. Visitor’s traveling to Yellowstone National Park have a choice of entrances and exits to the Park. We feel that by having a presence with a compelling message, we will inspire the traveler to visit Red Lodge.

Yes, we met our objective and this method and strategy is successful. We will be using it again in Bozeman. The Bozeman airport receives a tremendous amount of visitors and this is a great opportunity to redirect visitors to Red Lodge either through Yellowstone National Park to Red Lodge via the Beartooth Highway or a quick side trip via I-90. We will reconsider the Cody airport. Red Lodge Area Travel Planners were distributed to the Bozeman and Cody airports. Airport planners draw an audience that has already targeted Montana as their destination and are now narrowing down their choices of what to do once they are here.

Red Lodge is an incredible area and, once visited, not forgotten. Our only drawback has been a lack of awareness of our area compared to surrounding towns. Multi-day events increase visitor’s likelihood of extending their stay in our area. In addition, Red Lodge uses these events to leverage our dollars to maximize media presence and PR exposure surrounding these events.

Shredfest is the only qualifier event for the Freeride World Tour in the United States. As such, it draws strong interest from athletes, enthusiasts, and the media that covers extreme outdoor sports. The Shred-X talks attracted approximately 75 people and the inaugural E-Roll Film Festival attracted 45 people. Journalists attending Shredfest events included: Doug Schnitzspahn (Elevation Outdoors) Tracy Ross (Backpacker, Outside Online, Ski Magazine), Sam Taggart (Freeskier Magazine), Peter Kray (Mountain Gazette, The Gear Institute, Powder Magazine), Lodge

Red Lodge remains within the 20% budget allowed for administration and will follow the Regulations and Procedures when using Lodging Tax Revenue. This is an operational method employed by the Red Lodge CVB in order to adhere to the governing rules and regulations. The Red Lodge CVB has used Administration funds every year since becoming a CVB. While it may not be directly supported by specific research, past experience has demonstrated that the organization’s operations and successful marketing relies on administrative funds. Often the Administration funds budget is added to or combined with other administrative funds provided by the joint operation of a CVB, Chamber of Commerce, TBID, or other. Without these funds it may not be economical or feasible to have permanent staff administering the Red Lodge CVB.

Visitors to these events. Shredfest was cancelled in 2020 because of COVID. We will measure success simply by having the event. We will be grateful if the event occurs because of the COVID virus and other factors including the weather. Our Winter Fest is scheduled for February 2021, success will be measured by simply having the event.

Red Lodge promotes numerous events in our area with which we try to give visitors a reason to come to Red Lodge as well as reasons to stay and play longer. We plan to support events such as Winterfest and Shredfest.

Red Lodge's administrative efforts supports the Montana Brand. We communicate a consistent and effective marketing identity using the Montana Brand and the Red Lodge Brand to promote tourism from within the Red Lodge office.

## Marketing Support

### TAC/Governor’s Conference meetings

These meetings play an important role for accomplishing increased brand recognition within the tourism industry. Travel time and mileage is allowed for this budget due to distances to travel to meetings. With our small budget, this provides opportunities for Red Lodge to learn and grow that we likely would not otherwise be able to afford. This is an operational method employed by the Red Lodge CVB in order to adhere to the governing rules and regulations.

While it may not be directly supported by specific research, past experience has demonstrated that the Red Lodge CVB’s operations and successful marketing relies on participation of the executive director at quarterly Tourism Advisory Council Meetings whereby pertinent information is shared and action is taken.

Past experience attending the Montana Governor’s Conference on Tourism and Recreation has also shown to be beneficial as a networking, training and education event. The executive director, members of the board and staff have participated in meetings and conference every year the Red Lodge CVB has been a CVB.

### VIC Staffing

Every year over 8,000 travelers enter the Visitor’s Information Center requesting information about the Area. The revenue generated by the CVB positively impacts our scope of services. We receive grant from Yellowstone Country to help staff our visitor center during peak season. The CVB staffing dollars will help extend our staffing through the peak season and into the shoulder season.

| Research conducted by the MOTBD has shown that VICs and their staff provide a vital service. It is imperative to have staff available with the tools and knowledge they need to provide a good experience to the visitor. Without support for staffing we would have to reduce our hours. ### Marketing Support - Opportunity Marketing

Having money reserved for Opportunity Marketing prepares us to take advantage of prospects that will protect and promote Red Lodge to that which we cannot foresee at the given time. These funds will also be available for cooperative marketing opportunities. Our strategy is to be prepared for these opportunities.

We have been working together with Yellowstone Country, the Red Lodge Tourism Business Improvement District and Red Lodge Merchants and Lodging Association to better place ourselves for continued collaborative opportunities.

Specific details of the Opportunity(ies) are not available at the time the marketing plan is created/approved. Therefore, the plan will be updated once the Joint Venture projects/activity is identified. Based on the organization’s past experience with Opportunity(ies), we are confident in dedicating marketing funds to this method.

It is difficult to give measurables on an opportunity we haven’t yet received. In general, we would hope to see an increase in Red Lodge Resort Tax Collections over the previous year.

An increase in occupied room nights over the previous year as reported by Red Lodge TID collections.

**Opportunity to showcase the community or mitigate negative publicity from a natural disaster such as forest fire or other natural disaster.**

Opportunity Marketing allows us to position ourselves as premier vacation destinations no matter what the challenge. Staying in front of the news through all modes of communication will provide us the sustainability to maintain our revenue.
