Community & Brand Support

Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?

A) Who we are: Big Sky was born a destination ski resort in 1973. Tourism is a part of our DNA and as a result, the visitor economy is the lifeblood that affords our residents the opportunity to live, work and play here, and to have the quality of life that Montanans love. Montana is the American West at its best. This rugged state still has a touch of its wild past brimming from its cities and small towns and its massive unaltered natural spaces. National forest acreage outnumbers residents in Montana, and these wide-open and uncrowded spaces are what have enticed explorers, writers, and Big Sky enthusiasts to Montana over the last 100 years.

Source: <https://www.planetware.com/tourist-attractions/montana-usmt.htm>

Not only is outdoor recreation the reason why people choose to visit Big Sky, but it is also why eventually, they choose to come live the dream that is Big Sky. This phenomenon has fueled the growth of the other two industries contributing to the development/construction and real estate. Second homeowners purchase property in one of our three, private residential clubs – Moonlight Basin, Spanish Peaks Mountain Club and the Yellowstone Club, and come to call Big Sky "home," for at least a portion of the year.

Big Sky is known first and foremost as home to Boyne-owned, Big Sky Resort and the *Biggest Skiing in America*® offering 5,800 acres of skiable terrain in winter. In summer, Big Sky is a Gateway Community to Yellowstone – America's First National Drive along the famed Gallatin River from the park. Far-removed from any urban center, Big Sky's location at the junction of U.S. Highway 191 and MT Highway 64 (Lone Mountain Trail) in south-central Montana, is centrally positioned along the main canyon between Bozeman Yellowstone International Airport (BZN) to the north and the most accessed West entrance to Yellowstone to the south. Big Sky itself is situated at the base of iconic Lone Peak, elevation 11,166 feet, and encompasses the area around it with its own distinct geography, history, culture and personality.

The myriad of Outdoor Recreation activities accessible in and around Big Sky is what attracts our visitors, residents and second homeowners. Visit Big Sky's role (VBS) as the official Destination Management and Marketing Organization (DMMO) as the Sky Convention & Visitor Bureau (CVB) created *Imagine Big Sky 2023* its board adopted Tourism Master Plan to develop and promote Big Sky's summer outdoor recreation experience so that it rivals its world class winter reputation.

Yellowstone National Park played host to upwards of 3.8 million people in 2020. The number of visitors was down slightly from 2019 due to the COVID19 pandemic. Of the five gates, the most trafficked is the west entrance located less than an hour from Big Sky. This proximity of Big Sky to a world-renown bucket list destination, the spectrum of accommodations it has to offer from affordable to luxurious, along with much more diverse dining options compared to those available in other park entrances

destination as it looks to attract park visitors for the summer and shoulder seasons, April through November. There are also those who come for guided tours into Yellowstone in winter. Collaboration between Yellowstone Country and Glacier County travel "Between the Parks" albeit a 962-mile drive will continue to capitalize on the popularity of Montana's national parks.

B) Who we wish to attract and why: Big Sky encompasses 120.2 square miles of natural beauty completely encapsulated by public lands, with numerous mountain ranges, the majestic Gallatin River, and diverse wildlife along with year-round recreation ideally suited for both the educated traveler and families in pursuit of adventure and outdoor recreation. Winter attracts visitors in search of the *Biggest Skiing in America*®, with world-class downhill skiing and snowboarding at Boyne-owned Big Sky Mountain Collective passholders which has introduced the destination to the targeted audience of passionate skiers. Nordic skiing at Lone Mountain Ranch (LMR) – a National Geographic Unique Lodge of the World – with more than 85 km of world-class sledding, snowshoeing, snowmobiling, blue-ribbon winter fly fishing, and ice-climbing. The Big Sky Skating and Hockey Association's ice rink is open to the public for ice skating and hockey in Big Sky Town Center. LMR's horse-drawn sleigh rides around out the destination's winter activities.

Big Sky Resort leads winter marketing efforts in conjunction with Colorado-based Alterra Mountain Co., founders of the IKON Pass, along with the consortium of ski companies behind the Mountain Collective pass, which include some of the world's opportunity, and the focus of VBS, is to grow the destination's reputation BEYOND world-class winter. Occupancy levels differ by roughly 30-35% between the two seasons, and four months of what we call shoulder season remains between mid-August through late November when many businesses reduce operating hours or close completely to coincide with the closure of Big Sky Resort. Bed tax collections reflect this imbalance with winter earning \$3 for each \$1 in revenue in summer.

The summer recreation experience offered by the Big Sky destination is unparalleled: comprised of 50+ hiking trails including the 6.6-mile round trip Beehive Basin Trail, blue ribbon fly fishing made famous by *A River Runs Through It*, whitewater rafting, rock-climbing, bird-watching, camping, golf and zip-lining.

Big Sky Resort's *Basecamp to Yellowstone*® offers activities including the Lone Peak Tram ride up to Montana's highest scenic overlook at 11,166 feet, access to 40+ miles of mountain biking trails, guided hikes, a high ropes course, a climbing wall at its entrance offers pedal boats, canoes and paddle boats. The scenic 18-hole Arnold Palmer-designed public golf course at Big Sky Resort rounds out their offering. Additional mountain golf experiences include the private Jack Nicklaus-designed Spanish Peaks Club Golf Course designed by Tom Weiskopf, both are currently accessible to renters of specific property managed units for an additional fee. For the public at-large, Big Sky's 44-acre Community Park with growing amenities and trails hiking trails, is also a draw. Finally, Big Sky has tremendous access to regional outdoor experiences that can be explored as part of any trip including the Custer Gallatin National Forest, Hyalite Canyon, Hebgen Lake, Quake Lake, Cliff and Wade Lakes and Clark Caverns, Ennis and the Madison River, and Virginia City.

C) Strengths:

1) Despite COVID-19, during 2020, the airport added an eighth airline, Sun Country with new seasonal service to Minneapolis/St. Paul (MSP). Additionally, Alaska added daily service to Los Angeles (LAX) and Allegiant added non-stop service to New York seasonal service to Boston (BOS), New York (JFK) and Fort Lauderdale (FLL) and relocated their Long Beach service to Los Angeles (LAX). Finally, American added seasonal service to Charlotte, NC (CLT). Bozeman handles 30% of all air traffic to Montana related. BZN is served by Alaska, Allegiant, American Airlines, Delta, Frontier Airlines, JetBlue Airways, Sun Country and United.

Passenger totals in and out by airline brand in 2020 were:

- United Airlines – 267,786
- Delta Air Lines – 263,525
- American Airlines – 139,510
- Alaska Airlines – 116,967
- Allegiant Air – 50,333
- Frontier Airlines – 33,023
- JetBlue – 11,269
- Sun Country – 6,088
- Chartered Airline Flights – 1,274

Source:

<https://bozemanairport.com/2020passengertraffic#:~:text=The%20COVID%2D19%20global%20pandemic,to%202019%20record%20passenger%20traffic>

Located approximately an hour's drive north of Big Sky, BZN is a convenient airport for Big Sky travelers with regularly scheduled airport shuttles. A rehabilitation of the main runway in 2018 coupled with the construction of a 1,100 stall multi-use airport in 2019, have facilitated BZN's continued growth.

2) Big Sky's first branded property, The Wilson Hotel – Residence Inn by Marriott opened in late May 2019 and continues to introduce the destination to the world's largest hotel company's audience of millions of Marriott Bonvoy loyalty club members. The Big Sky Town Center, it will also be an ideal location for both Montana residents and adjacent drive market non-resident visitors due to its proximity to the vibrant weekly and special activities and events that take place right outside its doors on the conference facility accommodates smaller groups and compliments Big Sky Resort's Yellowstone Conference Center which continues to offer state-of-the-art accommodations, with meeting facilities capable of hosting 750 guests. It is one of the largest national and international corporations and organizations for conferences.

3) Big Sky's full-time resident population is approximately 3,000. But during peak periods but it can swell to be as many as 15,000 people. Beyond its unparalleled outdoor recreation activities, Big Sky plays host to at least forty major events throughout the year that make Big Sky enticing to both the regional drive market and the out-of-state visitor. The continued development of Big Sky Town Center including the recently relocated Big Sky Events Arena and new Town Center Plaza located adjacent to the community events especially in the summer with Music in the Mountains, a free outdoor concert series and multi-day Classical Music Festival, a weekly Farmer's Market with 100+ vendors, Big Sky PBR voted Event of the Year seven times along with mountain, Big Sky Resort's Craft Beer Festival and Vine & Dine, along with Moonlight Musicfest are additional summer draws. Winter-season events and activities include the Big Sky Christmas Stroll, Big Sky Skijoring, and Big Sky Big Grass. Com Big Sky Kids' Adventure Games, World Free-skiing Tour circuit events, Sam Adams 3D Air & Apres Show, the Big Sky Biggie 50m/30m Mountain Bike Race and new Town to Trails 5k continue to build their reputations and draw participants and spectators.

4) VBS renewed its three-year contract with DestiMetrics in 2019. The goal of this relationship is to continue to gain market intelligence and lodging metrics for the North American mountain travel industry consisting of 18 mountain resort destinations. VBS has no inventory per say. Big Sky traditional lodging entities and property management companies contribute their confidential data to DestiMetrics. It is then compiled and shared in aggregate via monthly reports outlining lodging performance based on Rev/Par etc. It provides year-over-year data analysis including "booking pace" for the upcoming six months. A Retail Report projecting the next 60 days' occupancy can be shared with the businesses throughout the destination to assist them with sales. Finally, with each monthly report, DestiMetrics provides a market overview and comparison of the industry encompassing the 18 destinations with broader market conditions and travel trends impacting tourism-dependent communities and businesses. Person meetings are held to discuss the qualitative impacts contributing to quantitative picture painted by the data.

5) Yellowstone National Park – Big Sky's position adjacent to Yellowstone National Park is a primary driver for summer visitation and a point of differentiation from other outdoor recreation-based destinations. The opportunity for Big Sky to leverage Yellowstone Park less than an hour's scenic drive from it remains a strong growth opportunity. Big Sky is a Gateway Community Partner to Yellowstone Forever, YNP's philanthropic arm, and the National Park Service and continues to explore ways to collaborate.

6) Increase in Resort Tax receipts - Even with the COVID19 pandemic having a drastic impact on many travel destinations, Resort Tax receipts for Big Sky increased 12% for July-Sept 2020 compared to July-Sept 2019 and receipts increased 13% in 2019. Following the same pattern, Yellowstone National Park hosted 360,034 recreation visits in October 2020, up 110% from October 2019. This was the busiest October on record, surpassing the previous record (252,013) set in 2015 by an increase of 110%.

D) Opportunities:

1) NEW Legislation: Senate Bill 241 (SB 241) – The ten Resort Tax Areas/Communities within Montana, whose local resident populations are dwarfed by the number of visitors they play host to each year, were successful at the 66th Montana Legislature. In May 2020 the Big Sky community voted "yes" for the 1% Increase to Resort Tax for Infrastructure. It will fund specific infrastructure projects to address water, sewer, capacity, water quality and the development of future affordable housing. Much current demand as well as future growth projections so it is necessary. Big Sky now has the opportunity to have our visitors help fund these necessary projects through the 1% since the build out is addressing peak capacity not local resident population.

2) Increased Connectivity and Mobility—Despite COVID-19, during 2020, the airport added an eighth airline, Sun Country with new seasonal service to Minneapolis/St. Paul (MSP). Additionally, Alaska added daily service to Los Angeles (LAX) and (BNA). Also, JetBlue added new seasonal service to Boston (BOS), New York (JFK) and Fort Lauderdale (FLL) and relocated their Long Beach service to Los Angeles (LAX). Finally, American added seasonal service to Charlotte, NC (CLT).

*Source: <https://bozemanairport.com/2020passengertraffic#:~:text=The%20COVID%2D19%20global%20pandemic,to%202019%20record%20passenger%20traffic.>

3) COMING 2021: Another NEW Hotel(s) and Second Large Convention Property: The \$400 million ultra-luxury Montage Big Sky at Spanish Peaks announced in September 2018 is currently under construction. Nestled within Big Sky's 3,530-acre guestrooms and suites, and 12,870 square feet of some of the finest meeting and event space in the greater Rocky Mountain region. The Montage will offer a year-round mountain paradise for luxury adventurers and outdoor enthusiasts alike and 8 other 7 Montage properties and 2 Pendry Hotels. This additional meeting space, coupled with Big Sky Resort's Yellowstone Conference Center, will attract more MICE (Meetings, Incentives, Conventions and Exhibitions) business to Big Sky. Stay to first the ultra-luxury One&Only in Moonlight Basin and the other in Big Sky Town Center, however further details have not yet been released.

4) Big Sky Resort's *Big Sky 2025 Development Plan*/Winter Messaging— Big Sky Resort's 10-year, \$150 million *Big Sky 2025 Development Plan* includes extensive mountain improvements and additional summer recreation activities; Mountain Vibe options; and community engagement, including extensive housing developments. These enhancements will benefit the entire community and strengthen Big Sky's reputation as one of the top mountain resort destinations in the US. On mountain, this with the Winter 20/21 season as the Exchange with the new Vista Hall in place of its old cafeteria. The modern food hall has fireplaces and six different food stations with everything from ramen and crepes to stone-fired pizza cooked in a 6,000-pou cocktails and offers proper seating with great views of Lone Peak. On warmer days, an expanded outdoor deck is the place to be, with seating for up to 250 people, more fireplaces, DJ sets, and village views. Replacing M.R. Hummers is the new h "ring the bull," stein hosting, and ro-sham-bo to keep all ages entertained.

E) Potential Challenges:

1) Proper health and safety measures, new products and services, and alliances with industry stakeholders are foundational elements DMOs must put in place as they prepare for their borders reopening and travel resuming. As interest in the destination and accelerate implementation of their targeted marketing strategies to serve the pent-up demand and capture market share. Meanwhile, as many international borders remain closed, DMOs everywhere need to focus on domestic travel opportunities and dream of their next travel experiences, DMOs everywhere must act now to prepare and ensure that those upcoming experiences meet travelers' growing expectations

Source: https://www.thinkwithgoogle.com/_qs/documents/10309/Actions_for_Destination_Marketers_.pdf

With the effects of COVID19 still affecting our county one year later, the future of visitor travel is still unknown. With much of the country removing COVID restrictions, statistics are still showing a large number of new cases despite the vaccination. National Park statistics, visitation for the months of September and October were the busiest on record so VBS could be primed to be a stopping point for those visitors who are making plans to see YNP in 2021-22.

Source: <https://www.nps.gov/yell/learn/news/21001.htm>

2) Workforce/Affordable Housing - More than 50% percent of Big Sky's workforce commutes in daily and this does not include the transient construction trade workforce. In 2019 and 2020 the Bureau of Business and Economic Research (BBER) has events which focused on *Facing the Challenges of Affordable Housing in Montana and Finding Good Workers* which illustrates how these two issues are impacting not only Big Sky, but all of Montana. However, the housing issue in Big Sky is at crisis needed just to address current housing needs, compounded by the fact that the Bozeman Metropolitan Statistical Area which includes all of Gallatin County, is the fastest growing in the U.S. with significant in-migration. The resulting negative impact to retain a qualified workforce is undeniable. Recruitment continues to be a major road block for Big Sky's businesses.

3) Shoulder Seasons/Short Term Rentals –Two "Shoulder Seasons" exist in Big Sky, defined as the time when Big Sky Resort and many local businesses close or dramatically reduce operations, typically mid-April through mid-June, and again from (weather permitting). This is compounded by the fact that the West entrance to YNP in West Yellowstone is closed to vehicular traffic between early November and late April. Only guided snow coach and snowmobiling tours enter in winter months, based on data collection by the state and in the VIC. The Shoulder Seasons are contracting as the community continues to grow and diversify, however unfortunately there are still times when Big Sky is NOT "Open for Business." Another contributor Big Sky are owned by second homeowners who either choose to let their home sit vacant when they are not here or only have them available as a short-term vacation rental property. The loss of long-term rentals to STRs over the past three years affordable workforce housing.

4) Natural Events/Economic and Political Environment— Big Sky is a destination rooted in outdoor recreation. Therefore, its tourism-based economy is impacted by natural events such as wildfires, compromised waterways, low levels of snowfall and be devastating. Economic factors and political challenges at a national and international level, such as a recession or decreased international visitation due to travel restrictions and political tensions, could negatively affect the number of visitors coming

F) Does VBS align with Montana's brand pillars:

1) **Spectacular Unspoiled Nature** -Montana's first brand pillar of spectacular unspoiled nature is addressed within all aspects of our marketing efforts. Visit Big Sky's paid and owned media leverage large, vivid imagery to display areas within and

2) **Vibrant & Charming Small Towns** -The States' second brand pillar is vibrant & charming small towns that serve as gateways to our natural wonders. Visit Big Sky's main goal is to increase brand awareness and immediate visitation from nation and winter travel seasons capitalizing on the high visitation and awareness of YNP. VBS co-brands Big Sky with YNP in summer creatives. Big Sky is located 58 miles north of the west entrance of the park and truly serves as a gateway to those visitors

3) **Breathtaking Experiences** -Montana's last brand pillar emphasizes breathtaking experiences by day and relaxing hospitality at night. We accomplish a seamless use of this brand within our paid and owned media. When allowable, our creative content contain inspirational descriptions of our recreational, lodging, dining and shopping amenities. Big Sky is a tourism-based economy, so our breathtaking experiences and relaxing hospitality is the base of our marketing message.

Big Sky, situated in southwest Montana exemplifies the MONTANA Brand Pillars, but so do many of the other amazing destinations throughout the state. What makes Big Sky unique? In May 2018 Visit Big Sky's Board of Directors adopted *Imagine* developed with Destination Think! It included a Big Sky Place DNA™ Study to uncover what makes Big Sky, Big Sky. The goal was to determine the core identity of this place which is at the epicenter of all experiences and stories generated by this Montana Brand Pillars. The more aligned a destination's projected and perceived reputation, the greater its authenticity and credibility to attract, retain and convert visitors into storytellers on its behalf. And as we are all aware, the internet and social media give the power to drive future visitation to our destinations.

What we learned about Big Sky is that it tells its story as a place where people integrate their lives with nature like nowhere else. Big Sky is an *R-destination*: It is a **Remote** place where people come to **RECREATE** first and foremost and **Reconnect** to **Reboot, Reload, Recharge**, and **Rejuvenate**, with an importance on preservation of place and showing **Respect** for the natural surroundings and the local community.

- **Big Sky is a unique ecosystem that provides diverse OUTDOOR RECREATION opportunities and interaction with nature right in its backyard**
- **Big Sky is changing – it is growing and becoming an economic engine for the regional and the state, with that come impacts on the social and cultural fabric of the community and the environment**
- **Big Sky is about BALANCE.** The essence of Big Sky's DNA is about the way people interact with nature here. Consumption of this beautiful place and its outdoor recreational offerings by visitors and residents alike needs to be done **RESPONSIBLY** for future generations. If not managed appropriately, Big Sky's quality of life, the natural beauty that draws people here, and its sustainability are in jeopardy.

Describe your destination.

A) Inspiration –There can be no destination branding without locals, so an important part of the Big Sky DNA Study process was to engage and excite Big Sky locals in the conversation about tourism and its positive impact on the Big Sky economy about this place. They choose to live where others vacation, in an evolving community born a tourist destination. Who better to share Big Sky and inspire others to come visit than our locals?! Taking this one step further, our past and present visitors

this inspiration for future visitors. Finally, VBS will inspire visitors by showcasing the Big Sky destination via its owned and paid media channels: a robust website (visitbigsky.com), social media accounts (Facebook, Instagram, Pinterest, YouTube), publications (Official Visitor Guide, Big Sky Hiking Guide), and through personal interaction with guests calling in to or stopping by the Big Sky & Greater Yellowstone Visitor Information Center.

B) Orientation –As the fourth largest state by area, covering a vast and varied geography, orientation for our visitors is important. Familiarity with Montana as a destination is low as illustrated by the research done for MOTBD by Destination Analy come to Montana for the first time do so to visit one of the two National Parks – Yellowstone or Glacier. Big Sky located less than an hour’s drive from Yellowstone, leverages this in summer marketing communications to orient our visitors. Visitors to the entire time but move throughout the region so collaboration with Yellowstone Country Tourism Region and our five fellow CVBs (Belgrade, Bozeman, Livingston, Red Lodge and West Yellowstone) allows us to collectively brand a destination experience. “packaged” itinerary, again, helps with visitor orientation. Only 4% of travelers are considering Montana as a winter destination and that is primarily to come and ski. Orientation in winter is done by the name/brand recognition built up by Boyne’s Big Sky. Joining the IKON and Mountain Collective Pass products also has helped orient the passionate skiing audience to the resort and Big Sky. Finally, #FlyBZN is a regional collaboration that VBS participates in dedicated to expanding and obtaining new visitors to the International Airport. Its marketing support orients visitors by communicating direct flight markets into Bozeman/Big Sky. The orientation of guests into the Big Sky destination itself is done by designating the Canyon – Meadow – Mountain areas and each. The VBS website, OVG and other communications reinforce this lexicon, as does the Wayfinding Signage on US Highway 191 and along MT Highway 64 into and around Big Sky.

C) Facilitation –Facilitation in tourism marketing is analyzing the needs and wants of prospective travelers, presenting destination options and ideas, and conveying messages to those travelers. Our national, multi-channel marketing campaigns will reach our consumers throughout the planning and purchase process with a mix of paid, earned and owned media. Further, VBS will continue to work with local tourism stakeholders to present new content as it develops to keep the messaging fresh and current. The Big Sky & Greater Yellowstone VIC, VBS website and downloadable OVG, in addition to the 30,000 hard copy guides distributed throughout Montana and in ID, NV, UT, WY, are touch points and key pieces of commur Country Tourism Region’s guide and regional map are also helpful in facilitating a trip to our area.

Optional: Include attachments here

a. Define your target markets (demographic, geographic and psychographic).

Demographic

For summer:

- Adults 25-65+
- HHI: Over \$75K+
- Well educated: College Degree and Families

For Winter, following MOTBD’s Winter Enthusiast Demographics

- Adults 25-54
- Married with kids in the home
- HHI: \$75K+

Geographic

1. **For SUMMER:** For out-of-state include all direct flight markets that lead to Bozeman Yellowstone International Airport; served by eight airline brands with coast to coast service including **Atlanta***, Boston*, **Burbank**, Charlotte* **Chicago**, **Dallas** Houston*, **Las Vegas**, **Los Angeles**, **Minneapolis/St. Paul**, **Nashville**, Newark*, New York JFK*, New York LaGuardia*, Oakland, Philadelphia*, **Phoenix-Mesa**, **Portland**, **Salt Lake City**, San Diego, **San Francisco**, **Seattle/Tacoma**, and Washin

2. **For WINTER:** For out-of-state include all direct flight markets that lead to Bozeman Yellowstone International Airport; Atlanta*, Boston*, Burbank, Charlotte* Chicago, Dallas/Ft. Worth, Denver, Fort Lauderdale, Houston*, Las Vegas, Los Angeles, New York JFK*, Nashville, Phoenix-Mesa, Portland, Salt Lake City, San Francisco, and Seattle/Tacoma.

Big Sky’s summer and winter target geographies are different due to reason for visiting – Yellowstone or skiing – and the mode of transportation to get here. Summer has a heavy in-state as well as drive in market from not only adjacent states but for visitors who travel via RVs and sprinter vans. Direct flight markets are key as well with Salt Lake City one of specific importance due to many international and domestic travelers choosing to fly into it and then drive to the West Entrance of Yellowstone from the visitors are primarily flying into BZN to come to ski, so again direct flight markets are key. However, we cannot overlook Montana resident travelers as a significant audience coming to Big Sky to ski.

Psychographic –Educated travelers and Families have been identified as the high potential visitors to Big Sky. They live in urban areas, are married, educated affluent millennials who likely have children. Dining out, comfortable lodging and outdoor vacation. They enjoy learning about local history and cultural sights and have a desire to explore the Rocky Mountains and YNP.

By focusing on Big Sky’s unique natural beauty, plethora of both winter and summer activities, and proximity to the America’s First National Park, we intend to develop the creative aspect of our marketing efforts to portray a sense of comfortable and well as travelers looking to experience the natural world without sacrificing modern comforts. We will aim to create an allure for travelers willing to commit their time and resources to traveling to our distinctive location.

b. What are your emerging markets?

Emerging Markets – Bozeman Yellowstone International Airport (BZN) is Montana’s busiest airport and serves as a year-round gateway to Yellowstone National Park. BZN also serves the recreation areas of Big Sky Resort and Bridger Bowl as well as Belgrade, Big Sky and Livingston and higher education at Montana State University and the Gallatin College. BZN handles more passengers than any other Montana airport. Overall, non-stop service will be offered to 20 markets on 8 airline brands in 2020. In November, the Concourse B expansion opened with four more gates, an additional restaurant/bar, mother’s room, and pet relief area. BZN also constructed over 3,000 linear feet of taxiway and infrastructure to serve additional new arrivals were constructed during 2020. BZN is the seventh busiest airport in the 7-state Northwest Region of the country (region including Colorado, Utah, Wyoming, Idaho, Montana, Oregon and Washington) and the 100th busiest airport in the nation in 2020.

*Source: <https://bozemanairport.com/2020passengertraffic#:~:text=The%20COVID%2D19%20global%20pandemic,to%202019%20record%20passenger%20traffic.>

Based on our statistics, MT, CA, MN, ID and UT are the major markets bringing in visitors to the Big Sky destination. Many travelers land at the Salt Lake City airport and drive to Big Sky. Canada was the largest international market, and we expect that as international countries are re-opened. With non-stop flights added to Washington D.C. and an increase in the number of flights to New York-JFK, VBS will concentrate efforts on these markets to increase our visitation.

During FY22, we expect larger than normal domestic visitation, especially to Yellowstone National Park. As more Americans receive the COVID vaccine, many will feel more comfortable traveling to destinations in the US. We do feel, however, that many will experience a decline in domestic visitation for a short time.

Optional: Include attachments here.

c. What research supports your target marketing?

Research – VBS utilizes research provided by the Montana Office of Tourism and Business Development (MOTBD) and the Montana Destination Brand Research Study (2016). Further, it leverages the updated tourism statistics and special reports research projects provided annually by the Institute for Tourism & Recreation Research (ITRR). The DestiMetrics lodging platform utilized by VBS in partnership with nine lodging partners in destination provides up-to-date occupancy and rate data, media analytics, past marketing campaign effectiveness and visitor information from guests to the Big Sky & Greater Yellowstone Visitor Information Center are all used to inform marketing decisions. VBS also works with agencies to gather market-Index Live, VBS can view sentiment data about Big Sky in real time through an online dashboard. The annual report and the dashboard generates our Tourism Sentiment Score® by analyzing 50 tourism assets. TSI Live generates a sentiment score. TSI Live also includes a COVID-19 crisis module to help us understand attitudes and emotions in Big Sky. This module helps us determine when to resume marketing activities and what to say.

Source: <https://www.sentiment-index.com/faq>

Imagine Big Sky, the five-year Tourism Master Plan for VBS was adopted May 2018. In FY19 VBS took its first step to operationalize this strategy into an annual plan. With new leadership on the horizon for Visit Big Sky and Visit Big Sky CVB, the timeline shifted into the future past 2023 but specific measurable progress for each goal will be a priority for FY22.

1. Develop a sustainable SUMMER OUTDOOR RECREATION experience

Goal: Big Sky will have grown its product offering into a unique, competitive and sustainable outdoor recreation destination experience.

To develop the experiences that align with our Place DNA™ and adhere to our commitment to sustainability and resident quality of life will require a collective effort lead by VBS. The organization will develop what it promotes and promote what it de

Actions:

- Leverage Big Sky's Place DNA™ working collaboratively to infuse it across the destination to create a unique Big Sky experience that is impossible for others to copy.
- Expand the organization's focus from strictly promotion toward the development of a sustainable destination tourism experience.
- Lead and support all stakeholders to create memorable experiences that produce raving fans.
- Monitor the visitor experience to benchmark and strengthen the destination experience.
- Advocate for the protection of Big Sky's natural environment by supporting organizations, policies, standards and guidelines that encourage sustainability.
- Prioritize and measure the attitude of residents towards tourism on an ongoing basis to ensure communication about on-going efforts to maintain the balance between growth and quality of life is effective.

2. Engage in destination promotion to broaden Big Sky's reputation BEYOND WORLD-CLASS WINTER

Goal: Big Sky's reputation for sustainable, outdoor recreation beyond The Biggest Skiing in America®, especially in high-value audience segments, will reach beyond that of a ski resort destination.

Actions:

- Identify clusters of products and experiences as a basis for niche audience segmentation.
- Transition away from traditional paid advertising methods, towards more modern, online and digitally focused marketing and promotion, and earned media to segment Big Sky's audience and cost-effectively target the people who will improve Visitbigsky.com website will launch in April 2021, and it, as well as VBS' social media channels will play a big role.
- Invest in integrated marketing technology that enables VBS to scale its activities efficiently.
- Identify and address pain points for Big Sky's target audience in the path-to-purchase as well as on the customer journey from touch down to take off.
- Enable and encourage others to share stories about Big Sky's experiences to generate positive word-of-mouth and online advocacy.
- Establish a communication framework to monitor word-of-mouth conversations about Big Sky and to amplify the most aligned stories for maximum reach and impact.
- Develop a set of marketing metrics to measure sentiment from target audiences towards the destination to ensure Big Sky's reputation strengthens over time.
- Conduct research to establish a baseline and continue to do so to ensure on-going efforts are successful.

• 3. Establish Visit Big Sky as the leader in the tourism collective

Goal: Visit Big Sky will have successfully implemented this strategy through leading a collaborative effort of all stakeholders including its industry peers, resulting in a vibrant local economy and a healthy and sustainable community for Big Sky

The VBS vision is ambitious because VBS is a relatively small player in a highly competitive environment alongside its other seventeen mountain resort destinations which participate in the DestiMetrics lodging platform including Jackson Hole and Big Sky. Big Sky's competition relies on well-funded destination marketing organizations which employ talented people. Turning a vision into reality requires focused, collective action. VBS must act as the custodian of this strategy. Without this mission, stakeholders and to drive cohesive action does not exist. VBS will put people, partners, systems and processes in place to follow world-class destination marketing practices. To continuously build trust with all stakeholders, VBS will put measures in place to ensure everyone understands how it is progressing as an organization and as a destination.

Actions:

- Develop a stable source of funding that will allow VBS to implement this strategy and continue to lead responsible tourism growth in Big Sky.
- Create a set of benchmarks and key performance indicators (KPIs) to measure the impact of tourism on economic, environmental and quality of life (social/cultural) factors in Big Sky.
- Optimize the organization to ensure that our team and partners have the capacity and capabilities to enable them to deliver on this plan.
- Work closely with the community and the statewide tourism industry to deliver the priorities outlined in this document. This includes regular reviews of this plan to consider new ways of creating value.
- Correlate success indicators to monetary value to provide an indication of the economic impact of our investments.
- Educate and advocate for the tourism industry on a local, state and national level, sharing its economic impact on the health of the local and broader U.S. economy to ensure its future.

VBS will track progress by measuring four types of performance

1. Visitor experience: Are visitors satisfied with their visit to the destination?
2. Consumer engagement: Is word-of-mouth promotion improving?
3. Operator effectiveness: Are there opportunities to improve experiences?

4. Corporate transformation: Is the DMO built to adapt to modern marketing?

a. In what types of co-ops with MTOT would you like to participate?

MOTBD joint ventures related to agency services assistance due to the limited staffing resources here in Big Sky are valuable, for media placement as well as more regional research. Joint public relations efforts, FAM Trips and participation in international markets can only be done via Joint Venture for Big Sky.

Optional: Include attachment here.

b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)

Regional CoOps

Visit Big Sky/Big Sky CVB will continue to work with organizations, businesses, Yellowstone Country Tourism Region and the six other CVBs within it to combine our marketing efforts in order to increase tourism to the region at large. Joint Ventures program, co-op print and digital in winter/skiing publications, a statewide digital campaign and regional FAM Trips.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

In FY20 VBS partnered with MOTBD in a few warm and winter season joint ventures: Digital media buy in Parent's Magazine for summer digital ads, Hoffman York for a hiking and hunting marketing campaign execution, and three TBEX FAM trips. received exposure in new markets (2 Traveling Dads), furthered our media reach (hiking and hunting campaigns), and received many images and articles that we will absolutely utilize in future marketing efforts. We also have partnered with Yellowstone. These partnerships allow Big Sky to engage in activities that it might not be able to afford. Yes, they were successful, and we will continue to take advantage of the opportunities put forth by the state and Yellowstone Country.

		website and continue to showcase Big Sky.		
Consumer	Social Media	VBS will use a variety of social media reporting tools including Sprout Social and the platforms' own analytics to monitor and report across multiple social media channels including Facebook, Instagram, Twitter. Sprout Social provides insights into social media conversations around the VBS brand, allowing us to increase interaction with potential and current visitors. A tool for VBS is Hey Orca, a scheduling app that allows us to create, plan and post to all three of our current social media channels.	VBS has found great success in sharing the unique offerings of our area on social media. This will be a continued focus in FY22 as we will continue to connect with visitors, influencers and stay current on other destinations social platforms and trends. in Destination Analysts' April 2018 Technology Edition of the quarterly tracking study The State of the American Traveler, over one-fifth of American leisure travelers reported visiting a destination as a result of content they saw on social media. Source: https://www.dmawest.org/files/5415/5605/0636/DMA_West_DMO_Social_Media_Follower_Profile__Conversion_Study_Executive_Summary_04.22.19_Final.pdf	Success measures follow industry standards specific to social media. Metrics include likes, shares, comments, and follower growth. Social media content is monitored and adjusted based on performance. Social media is used to promote VBS products and services, and to engage with visitors. Social media is also used to provide information about VBS events and activities.
Consumer	Electronic Adv - Newsletter, E-blast	Visitors can sign up on the website for an e-newsletter or to receive our visitor guide on the VBS website thus capturing their contact data. VBS also collects leads through paid advertisements in both digital and print media. VBS will continue to segment and serve up targeted messaging by season and activity. VBS is also in close contact with the local lodging partners to push discounted rates along with messaging around events and other Big Sky related, educational materials to its targeted lists.	Pique curiosity during a traveler's decision making window and inspire them year round with interesting and informative content. As a DMO, you are the ultimate expert on traveling in your region. Email is a great way to deliver fun, catchy content at scale to an engaged audience. After all, they've already expressed interest in hearing from you. Now is your time to wow them with a professionally designed and expertly written email delivered straight to their in box. Source: https://www.agencytourismmarketing.com/email-marketing-dmos/ VBS gathers in-house leads from our website from those people who request a visitor guide and from Yellowstone National Park Targeted Leads.	Success measures include number of leads generated, conversion rate, and email open rate.
Consumer	Digital Asset Management/Aquisition	VBS uses Crowdriff, a user generated content platform and content management system, to source this content, store it, and serve it up easily. It also makes it easy for third party content providers to upload assets into the system for VBS's use	According to Crowdriff, today, visuals have more influence over people's decisions than any other content type. Assets generated through the Crowdriff platform can be used to populate self-optimizing website galleries, email newsletters, ad creative, social media channels, and even live photo displays. By harnessing and showcasing these stories, brands are able to connect with customers in a more authentic and personalized way — lifting engagement, strengthening consumer trust and ultimately driving sales. By utilizing and showcasing user-generated content, we are allowing our most passionate visitors to become our personal brand advocates, sharing their insights on our community, outdoor recreation products, services and more. Source: https://crowdriff.com/destinations/	Success measures include number of user-generated content pieces acquired, engagement rate, and conversion rate.
Consumer	Opportunity Marketing	VBS will use this method to take advantage of any marketing opportunities that arise after this submission.	VBS every year has had opportunities presented to it that it was able to take advantage of due to this pool of funds.	This website is dependent on the success of the state's economy and the success of the industry and the success of the state's economy.
Consumer	Joint Ventures	Dependent upon opportunities provided by the Yellowstone Country Tourism Region, MOTBD and The Air Route Development fund. Typically, it has been digital advertising op-ops, regional FAM trips. Visit Big Sky CVB participates with other CVBs to meet the	In FY20 VBS participated both winter and summer joint ventures with both Yellowstone Country Tourism Region, MOTBD and the Air Route Development fund. These allowed us to extend our marketing efforts both in and out of state.	We are dependent on the success of the state's economy and the success of the industry and the success of the state's economy.

		destinations throughout the state one destination at a time. Expenses include registration, travel, meals and lodging. The same expenses apply to the TAC meetings normally held in Helena, Montana		
Marketing Support	Research	<p>In order to grow Big Sky tourism, VBS must continually monitor and measure visitor and resident sentiment. In addition, it is critical for the leader of the tourism collective to understand the dynamics of the local market. Research is the tool that facilitates for VBS. A current example of this is VBS' use of DestiMetrics. They are the leading supplier of lodging metrics and market intelligence for the North American mountain travel industry, providing "what you ought to know" about destination-wide metrics, lodging performance, benchmarking and resort intelligence. VBS utilizes DestiMetrics' foundational product, Booking Pace Analysis, Reservation Activity Outlook, tracks past and present reservation activity, and sets the stage for measuring performance in the destination. These detailed reports gauge occupancy, key months when nights are booked, Average Daily Rate (ADR) and Revenue Per Available Room (RevPAR) at the destination-level.</p>	<p>Destination Marketing Organizations have a significant role in stimulating tourism demand for their destination. As the expectations of travelers evolve, research allows DMOs to have the knowledge to position their destination strategically and compete effectively in today's ever more challenging travel market. And as DMOs are increasingly under resource constraints, it is even more important that they rely on research to help ensure they utilize budgets as effectively as possible.</p> <p>Source: https://stampdestinations.com/insights/market-research-matters/#~:text=Destination%20Marketing%20Organizations%20have%20a,tourism%20demand%20for%20their%20destination.&text=And%20as%20DMOs%20are%20increasingly,budgets%20as%20effectively%20as%20possible</p>	<p>Succes meas purch resear create data a inform dicul curren trends Monta marke to sha inform busine organi help g suppo missio visitati</p>
Marketing Support	Wayfinding	<p>The current wayfinding signs in Big Sky are not beneficial to our guests as they have no way to give directions to those who do not know our community. They currently state that Big Sky is composed of Mountain, Meadow and Canyon but to those who have never been to Big Sky this does not supply any directions to our destination or to our amenities. New signs would give our guests a more positive first impression of our destination.</p> <p>The funding requested for this method for FY22 will be used to update the 32 existing signs that were installed in 2012. Many of the signs need to be updated because of the plethora of changes that have been made to Big Sky since that time.</p>	<p>Make the wayfinding process easier and more pleasurable for people and they then tend to have more time and inclination to spend during their trip. Tourists also tend to return with a greater overall satisfaction level, and this tends to reflect very positively on the holiday provider.</p> <p>Source : https://www.travelwayfinding.com/team/</p> <p>Big Sky is made up of 3 separate sections, the Canyon, Meadow and the Mountain but visitors do not know this information, so they are not aware of the experience that awaits them if they turn and drive into Big Sky. Our destination is unique in this way the community is in 3 separate sections and because of this, most visitors are not aware that a 15-minute drive up HWY 64 will land them at the base of Lone Peak with town center in between for great dining and shopping experiences. Wayfinding is important for visitors to make their way through unfamiliar areas which will improve accessibility to Big Sky and decrease frustration by our guests by guiding them to their destination quickly and easily. Our hope is our visitors will have a positive experience getting to and around Big Sky which will leave them wanting to return to our destination again and again.</p> <p>Visit Big Sky CVB will follow the RFP regulations outlined in the regulations and procedures manual and we expect phase I of this 3-part project to cost \$122,000.</p>	<p>Succes meas Keepir signs i workin makin neces: as qui possib</p>

		<p>A second phase of this wayfinding project will be to add additional signage for visitors and locals to direct them to locations such as the hospital, grocery stores and shopping keeping up with community growth. Many of our locals are new to Big Sky so this extra signage will be as helpful to them as it will be for our visitors. We are planning to ask a different funding source to cover the cost of phase II.</p> <p>Phase III will consist of an entry way monument at the corner of HWY 64 and HWY 191 to make it easier for our visitors to know where to turn to get to Big Sky. This project quite possibly will use bed tax funding but at this time this phase is in the planning stages, so details are not sorted out yet for this project.</p> <p>We have an estimated budget of \$400,000 for all three phases but at this moment we are asking for \$122,000 to update our existing signage.</p>		
Publicity	Fam Trips	<p>From the perspective of a Destination Marketing Organization (DMO), a familiarization (FAM) tour is an opportunity to host meeting planners, event coordinators, tour operators, or travel media and bloggers in Big Sky to create awareness and provide a positive experience. In other words, to familiarize planners, coordinators, operators and/or media – with our community.</p>	<p>The term FAM stands for Familiarization. The Tours – commonly known as FAM Trips – are trips organized by travel providers (can be a Tour Operator, an Airline, a Hotel Chain, a Tourism Board or other DMOs representing a Destination, etc.) with the purpose of educating about their products and services and promoting them.</p> <p>Usually, it is dedicated to everyone who is involved in the selling and promoting process of this particular product/ property/ destination. It typically hosts travel agents and expeditors, travel media (writers, journalists, bloggers) and other important players and partners.</p> <p>Creating awareness and at the same time networking and building relationships are the main aims of a FAM trip. FAM's are very important in the hospitality industry</p> <p>Source: https://www.xotels.com/en/glossary/fam-trip/</p>	<p>Succeeding in this area means increasing awareness, press, posts, channels, engaging those leads, group reports, including participants, their general information for the article, media</p>
